

Full Service

Our screens are fully customized to your needs, then professionally and carefully installed. From consultation, to installation, to after sales support, we are committed to delivering excellence in customer service. Backed by a manufacturers warranty, for added assurance we include a one year installation warranty, as well as a quick reference guide, and we're only a phone call away.

Cutting Edge Innovation

While traditional retractable screens are functional, they have their disadvantages. Being functional is simply not enough. That's why our retractable screens don't slam when retracting, don't collect dirt and debris in guide rails, don't open accidentally. With state-of-the-art features, a Vista One retractable screen stands out from the rest.

The difference is clear!

Retractable Screens

Dealer Inquiries Welcomed

Total Solutions...

With the largest product offering available, you are sure to find a screen that will blend in perfectly with your home decor, while maintaining your decorative opening.

Folding Wall

THE BEST OF BOTH WORLDS

When entertaining or enjoying a peaceful moment alone, benefit from a Seamless Transition to your Outdoor Living Space. Simply draw your screen to cover your opening and enjoy insect-free tranquility day or night.

Whether screening a window or a single, double or oversized entry we have a solution to suit your needs. The perfect combination of innovation, design and function make our screens an elegant addition to any room; kitchen, front or back entry, basement walkout or bedroom.

Window

Back Door

Perfect Integration!

Whether you choose a screen that Folds-A-Way or Rolls-A-Way we will customize and install it to your application.

Enhance Your View...

Unique to the Fold-A-Way line, a single screen can span a double door. Now you can truly enjoy a clear and unobstructed view to your outdoors.

Juliet Balcony

Picture Perfect!

Make complete use of your French Doors and experience full ventilation. When not in use this screen completely Folds-A-Way for a screen-free view.

Customers Agree;

"Adding a Vista One retractable screen increased functionality, comfort, curb appeal and value to our home".

Caralyne, Toronto

Designed With Purpose...

As standard features, our retractable screens incorporate premium components that are as impressive as they are practical.

Front Door

Ensure safe and quiet retraction with our **Touch'n-Go Latch** and **Soft Close Spring**, User Friendly for all ages.

Complementing your opening, our **Magic Trak** preserves the mesh, provides maximum insect protection and remains free of debris because it disappears when the screen retracts, revealing a barrier free threshold.

For a perfect finish, our screens are formed from durable aluminum extrusions, are available in all standard door colors and by virtue of design are streamlined to seamlessly fit most openings.
